

2012 President's Message

We welcome all members and visitors to an exciting new year for the Metrolina of North Carolina Association of Occupational Health Nurses. Board members are planning for a great year - with general meetings that will include CEU programs and topics that we feel are timely and informative. There is also a one day seminar with CEU's planned for September.

The success of this chapter is dependant on our members. Member participation is vital - both to the chapter and you.
